Vol. XXXIV No. 1

GEORGIA STATE COLLEGE FOR WOMEN, MILLEDGEVILLE, GA.

October 11, 1958

Standing left to right: Dr. Jones, Miss Sneed, Mrs. Sanders, Mrs. Leyda, Mr. Matthews. Seated: Mrs. Phillips, Miss Dunson, Miss Pritchett, Miss Haley. Not pictured: Miss White.

A Big Turnover On The GSCW Faculty Ten New Members Selected Fall Term

New members have been added to the G. S.C.W. faculty for the coming year. These ten members have been carefully selected on the basis of their education and ability. They include:

Miss Miriam Dunson, a native Georgian, is acting director of voluntary religious activities. She received her B.S. degree in Business Administration at GSCW and her M.A. degree at Presbyterian Assembly's Training School in Richmond. She also studied at Moody Bible Institute. More recently she has been an instructor in business education at Jefferson High School and for the past three years has served as a missionary to Korea.

A native Ohioan, Dr. Harold Jones, comes to our faculty as chairman of the division of Mathematic and Natural Science. He received his A.B. and M.A. degrees at Oberlin College and his Ph.D. at Peabody College. Dr. Jones also spent three years of study at the University of Nebraska. He has been professor of biology at Berry College, East Carolina Teachers College, and the Georgia State College of Business Administration.

Mrs. Mary White Leyda, assistant professor of education, received her A.B. and M.A. degrees in Education at the University of Georgia. Mrs. Leyda has taught in Brunswick, Toccoa, and Camden County. She has been a supervisor of education in Carroll County and Mitchell County.

The new instructor in the Social Science Department is Mr. Roy T. Matthews, Jr. who received his A.B. at Washington and Lee University and his M.A. at Duke University. Mr. Matthews spent two years at Crawford Corporation.

Mrs. Mary N. Phillips, instructor in English, received her A.B. at Barnard College and her M.A. at Columbia University. She studied at the Sorbonne in Paris and did advanced work at Columbia University. She has taught at the Nightingale - Bamford School in New York. Mrs. Phillips has also been organist and choir director in numerous New York churches and worked for a year at the New York Public Library.

A new instructor in the Department of Physical Education is Miss Shirley Pritchett, who received her B.S. in Education at GSCW and her M.S. at the University of Tennessee. She has been an instructor in physical education in both Thomas and Fulton County and also at Wesleyan College.

Mrs. Carolyn Sanders is the newest member of the Chemistry Department. Mrs. Sanders received her A.B. degree from GSCW. She taught science at Gray High

School for one year and last year she served as director of the Westminister Fellowship in Milledgeville.

Chairman of the division of home economics is Miss Ruth Sneed who received her A.B. at Huntingdon College. She received her M.S. at the University of Tennessee and an Ed.D. degree at Teacher's College, Columbia University. Miss Sneed has taught at public schools in Alabama and Virginia and at Radford College, University of Kentucky, and Colorado State University. She served as district supervisor of home economics for the State Department of Education in Kentucky for two years.

The newest member of the music department is Miss Quillian White, instructor of voice. Miss White received her A.B. degree from Randolph - Macon Woman's College and her M.A. degree from the University of North Carolina. She was a graduate assistant in voice at the University of North Carolina for two years.

Last, but by no means least, is Miss Sylvia Haley, R.N., head nurse at Parks Memorial Hospital. Miss Haley graduated as a Registered Nurse from the University of Virginia Nurse's Training School and went on to receive her B.S. degree from Montreat College. She has been on the nursing staff of the Asheville Memorial Mission Hospital.

Annual Messiah To Be Dec. 2

The annual presentation of THE MESSIAH will be Tuesday, December 2 in Russell Auditorium.

The group, under the direction of Dr. Max Noah, will be composed of the members of the college choir and church choirs and people from surrounding communities. As usual, the ensemble from the Atlanta Symphony Orchestra will accompany the presentation.

GSCW Hostess For Ga. Deans & House Directors Convent'n

by Sue Jackson

A warm welcome is extended to the deans and house directors from a number of the Georgia colleges who will be guests on campus October 17 and 18. The annual fall meeting of the Georgia Association for Women Deans and Counselors for Girls provides this fine opportunity for the Georgia State College for Women to serve as hostess for this group. Attractive invitations picturing the Old Governors Mansion and bearing a warm greeting and a copy of the program have gone out to the members of the organization. These were provided by the Public Relations Office. While at GSCW these ladies will be housed in Sanford Hall, where they will also hold most of their meetings.

Among the highlights of the meeting is a tour of the campus sponsored by College Government Association. Points of interest to be visited are Parks Hall, Russell Auditorium, Chappell Hall, the library, the Language Institute, Peabody Laboratory School, and Nursery School, the gymnasium, Porter Fine Arts, and the dormitories. On Friday evening there will be a social hour at the Mansion with Dr. and Mrs. Lee. Afterwards there will be a tour of the Old Governors Mansion. The climax of the annual meeting will be a buffet luncheon on Saturday at Lake Laurel.

The Georgia State College for Women House Directors and the Dean of Students are busy making plans for this important occasion.

The officers of the association are President, Mrs. Mary Alice Wisenbaker, Dean of Women at Valdosta State College, Valdosta, Georgia; and Secretary, Mrs. Louise Brown, Dean of Women at Mercer University, Macon, Georgia. Mrs. Brown is also in charge of the program for the meeting.

Special Programs To Precede Formal Acceptance Of Honor Code October 25

Students of GSCW will formally accept the Honor Code in a program to be held in Russell Auditorium at 6:45 p.m., on Wednesday, October 15.

The Honor System was initiated in 1939. Tried at first in only a few classes, the experiment proved successful and from purely academic beginnings the Code has grown into a system influencing all phases of campus life.

GSCW considers the Code an integral part of the college and recognizes that this college is unique both for the success with which the Code has met and for the all-inclusiveness of the system. Jessie realize that as both students and faculty are affected by it, the Code can operate most successfully only with wholehearted cooperation from the individual, and that acceptance of this code predains the fair, trustworthy character that the college expects of its students. The results of this wholehearted acceptance can be seen in the general campus atmosphere and in the

faculty - student relationship.

The purpose of the Honor Council is primarily to keep the student body ever aware of the meaning and the ideals of the Honor Code. The Council is headed by Janet Roquemore, Chairman. Besides handling those matters which affect the practice of the Code, the Honor Council is responsible for the preparation of discussions and special programs preceeding Formal Acceptance of Honor Code.

These special events will include campus-wide taps on Monday night, October 13, and a chapel program for town students on Tuesday, October 14. Also on Tuesday discussions will be held in each dormitory, during which floor leaders will conduct talks on the Honor Code and its meaning.

New York Dance Quartet To Present Lecture-Demonstration And Concert

by Mariella Glenn

THE DANCE QUARTET, William Hug, Virginia Freeman, Merjam Rosen, Patricia Wityk, noted young concert dancers from New York City, will be on the G.S.C.W. campus for two days next week.

Career Week To Be Held Oct. 20-25

by Priscilla Robertson

Do you know what courses are offered in the wide variety found on YOUR campus?

If you do - or perhaps if you don't, Career Week will be an exciting, profitable, and educational week for you.

Maybe the purpose of Career Week should be explained. Career Week is a time set aside each school year for the new students to explore various departments to find out what is offered in each one. During this same week activities are scheduled highlighting the many different careers you may choose from the various major subjects you decide upon. Many of these latter activities will be of interest to upperclassmen as well as freshmen.

The nine teachers who are advisors to the freshmen will assist the student groups in making plans for visiting departmental areas in which they are interested. In order that information about the departments be helpful, the activities concerning the different departmental subjects will be planned by the teachers in each course, by the departmental majors, and by the departmental club members.

In case you are wondering what a departmental club major is, it should perhaps be clarified. In each of the various departments there is a club made up of students majoring in that particular subject. For the physical education majors, there is a Physical Education Club. For the English majors, the Literary Guild is of considerable interest. Nearly all of the departments on campus have a club.

Do you ever wonder what you (Cont. on page 3)

The GSCW Lecture Committee is presenting this group of young artists. Monday, October 13, at 4:00 p.m. they will teach a Master Class in dance in the GSCW Dance Studio. Any student who has had at least one quarter of Modern Dance or comparable training in any other type of dance, is eligible to take this lesson.

Monday evening at 7:00 p.m. in the GSCW Dance Studio, this group of artists and their pianist, Glenn Mack, who has studied and performed at Julliard School of Music, will present a Lecture-Demonstration. All students, faculty, and interested townspeople are cordially invited. At this time these young artists will discuss the program to be presented on Wednesday evening and illustrate their talks by performing excerpts of their movement - sequences from the dances. They will also have further illustration by using slides and a screen to show additional dance patterns.

On Tuesday evening at 8:00 in Russell Auditorium, these artists will present their dance concert.

Mr. Jack Gore will be in charge of the lighting and technical aspects of the program. Dr. Max Noah will be in charge of the tape recorder for this program. The ushers will be members of Modern Dance Club.

Faculty and students from Shorter College in Rome, from Atlanta, from Mercer and Wesleyan Universities in Macon are traveling to Milledgeville for this concert. The AAUW is having its first meeting of the year as a joint-session with this Lecture-Demonstration in the Dance Studio on Monday evening.

All four of these young dancers have presented dance concerts in New York City and at the Connecticut School of Dance. They have all studied with the great leaders of dance in this country, Martha Graham, Doris Humphrey, Louis Horst, and others.

Human Values In The Physical World

What You Put In It

LET'S TAKE NOTICE

FACULTY ADVISORS: Miss Helen Wild and Dr. Edward Dawson.

Published bi-weekly during the school year, except during holidays and examination periods by students of the Georgia State College for Women, Milledgeville, Georgia. Subscription price, \$1.25 per year. Member of Associated Collegiate Press, National Advertising Service, and Georgia Collegiate Press Association.

ANOTHER DAY

There's Been A Change

In more serious sense, however, I realize that I have only begun in this matter of changing habits and ideas; for to grow mentally, socially, and spiritually, adjustments are inevitable.

New Faces Added To Colonade Staff Including Faculty Advisor, Miss Wild

In addition to new staff members, the COLLEGE has a new faculty advisor, Miss Helen Wild, teacher of languages at GSCW, who will work with Dr. Dawson.

Dr. Vincent Speaks To Chemistry Club

As the program for the October 2nd, meeting, Dr. Vincent gave a fine resume of the opportunities in science for young women today. In the medical profession, biochemistry, industrial research, the rewarding profession of teaching - your future in chemistry is as limitless and fascinating as you care to make it. Science is for each of you, for in science lies your heritage and your future. So shine up that Bunsen burner you snatched from your old high school lab and sign up for a membership in Chemistry Club right away. Your dues back at the end of the quarter if you've not had a wonderful time!

(Cont. from page 1)

CAREER WEEK
can take that will be fun as well as personally gratifying? There are courses, many of them, offered on YOUR campus that you will be able to take for fun and for growth. Cultivate an interest in your own personal life and take part in Career Week to find out how it can be beneficial to you. It can - of that you can be sure.

The COLONNADE held its first meeting Thursday, October 2. Several members of the business staff spoke to the group on make-up of the paper and other important topics concerning the work of a college newspaper.

Organization — That's The Key

by Cathy Penn

At the first CGA meeting it was decided to emphasize scholarship as the project for this quarter. To some it may seem strange that an institution of higher learning should have to 'emphasize' scholarship, as this is our main purpose in being at GSCW anyway. Purpose or not, it is a well-known fact that there are many, many extracurricular as well as curricular activities on this campus that could, and sometimes do, overshadow scholarship. Especially is the freshman besieged on all sides and tempted to join every club into which she has been asked. In fact, some first quarter freshmen might have a conversation like this:

"Hey Nan, when are we going to get together and plan our bulletin board for health?"

"Well, I don't know, Pat. When do you and Judy want to?"

"How about tomorrow night after supper?"

"Oh, not then. Jan and I have already planned to go to Rec meeting. Could we get together tomorrow afternoon? — Oh no, I forgot, that's Penguin practice. What other time could you all come?"

"Hmmm, What about Thursday night?"

"Oh no, I just definitely couldn't meet then. Danny and I signed up for 'Spectrum' staff and that's the night they meet. Do you suppose we could get together right

after supper on Monday night? I can't do it in the afternoon because I have choir practice. But if we met right after supper so I could get to CGA . . ."

Freshmen, upperclassmen, take notice: The key to success in college, both scholastically and personally, is through ORGANIZATION. How can you be organized? The process is simple but involves a great deal of making decisions and choices. First of all, take inventory of yourself. Ask yourself what do I really want to get out of college? Then, what are my capabilities, my real interests? In what activities am I just another member and in what clubs am I really interested. Drop out of the activities that do nothing for you and to which you certainly add nothing. Join clubs and enter into activities — but only a very few, the ones that you have selected through wise thinking according to your interest, ability, and time you can spend to be effective. Above all, keep in mind always your goals for the future, your reasons for being here at GSCW, and the knowledge you expect to acquire and use after graduation.

Your college life will be only as successful as you make it. Once you make your decisions, plan your schedule and then follow it through. The key to success in college, and in life, is through organization, — but only you can turn it.

Faculty Members Enjoy Summer Of Rest, Travel

Wide and varied were the experiences of the faculty this summer. Their chosen "dream" vacations varied from three months of slow rocking in a soft, comfortable rocker to the more exciting trips abroad. Some spent their summer teaching; some spent theirs learning; others spent three months relaxing, enjoying the peace of summer without classes, and preparing for the big year ahead.

Many of our teachers stayed on campus and added three more months to their regular nine-month teaching job. Others taught in workshops and summer sessions in spots scattered throughout Georgia and other states. Among those teaching out of state were the Beiswangers who taught at Connecticut College, New London, Connecticut, and Miss Neva Jones who was at Greensboro, N. C.

Some of the most interesting and exciting summers were those spent in travel —

Miss Maggie Jenkins spent seven weeks touring Austria, Belgium, Holland, Italy, and Switzerland. She attended the Salzburg Music Festival in Austria and, to her great pleasure, she was able to be present for the European Premier of America's newest opera, 'Vanessa', by Samuel Barber.

Dr. Rosa Lee Walston's tour of the Canadian Rockies and the West included many national parks, exotic eating places in San Francisco and Los Angeles, the Hood River Loop and Crater Lake in Oregon. She found the Going-To-The-Sun Highway at Glacier National Park to be as breath-

taking as the Alps.

As she thought back over her three-month tour of Europe, Mrs. Agnes Browder found Greece to stand out most prominently among the countries she visited. In Greece, her visits to Acropolis and the Island of Rhodes provided her with a storehouse of memories. She saw excavations made by the American School of Classical Studies, and she brought home many things which she most graciously offered to show anyone who is interested in seeing them. Among the interesting things she brought back were voting ballots which were used in 350 A.D. and a timing pot which she is most willing to lend any professor who has found a need for timing lectures!

On Miss Sara Bethel's tour of Europe, the magnificent art galleries most impressed her. Her only regret was that she could not possibly spend as much time as she desired in each gallery. Miss Bethel found the Scandinavian countries to be most colorful and beautiful. She met many Georgians during her tour and some of them were old acquaintances, including former Jessies. Just as

she says, you can't get away from those GSCW graduates — they are everywhere!

Nine days were set aside for the voyage but a propeller was lost from the ship and they floundered for two weeks — thus began Miss Helen Wild's summer of studying French at the University of Grenoble! With twenty other students, all a part of the "Classrooms Abroad" that originates at Yale, Miss Wild spent five weeks living in the homes of French families and attending classes three hours a day. She spent her weekends in travel and also made a two-week tour after her classes were finished. It included Switzerland, Belgium, Northern France, plus a week in Paris where she "sampled everything offered." This is a direct quote from Miss Wild: "Frenchmen are just as people say they are!"

Those were the summers of the faculty — If you should catch some member of the faculty with a dreamy-eyed look, it could be that person is reliving the memories of a summer spent in Europe or a summer spent rocking and relaxing in the old comfortable rocker!

THEY SAID IT COULDN'T BE DONE ~ BUT HERE IT IS!

"Couldn't be done." That's what they told Mr. Bell back in 1876. But where would three million college students be without the telephone . . . especially on a Saturday night? Today you can make a date, or talk to your folks, from practically anywhere . . . even from your own car.
